

Finally, I think the best part of this purchase was learning how the used car industry operates as well as how the used car price structures are established. This insight made me very comfortable with the price as well as satisfying my analytical engineering nature.

“Without a shadow of a doubt, this is the best way to buy a nearly new used car.” Dealing with a former engineer (you) is a lot better than dealing with a typical pushy used car salesman
Craig D./ Anaheim Hills, Ca Salesman and a 3 time car buyer

“Buying through you (BL Auto Enterprises) was the best and the cheapest way to get an older SUV for my son in Arizona. Great car, low price, easy to deal with- a great combination.” “you saved me a bundle of dough.”

Mike P. /Huntington Beach Ca.

I didn't get the opportunity to thank you for all your patience or lunch-----so THANK YOU. It was a great experience & I'm already telling people that are considering buying about you! I'm really grateful to have stumbled across you. Thank you again for everything!

Becky A./ Riverside Ca

. It is really a beautiful car, absolutely like new and at least \$3-4000 less than a functionally equivalent one (less miles) at a local dealer. I'm totally into Volvos now since this one is so nice. I just took it in for the 50,000 mile service and checkup and everything is fine

Thanks for all your help. Love the car.

Burke,I am in Maine,and I flew here. Mandi has the car and threatens to "hide" it before I get home! I am looking forward to tooling up the coast with her when I get back.

Karen G Torrance Ca

The car runs so well and so fast I have a hard time restraining her :)
Today, I drove 65 in a 50 mile zone and got a speeding ticket :(

"I will never buy another car any other way again. I got a great car at a great price and had a truly great time buying it. When has anyone EVER left a car buying experience and thought it was fun? Kind regards."

Car is great! I detailed it and had the front spoiler painted. Also Mercedes serviced it bumper to bumper and gave it an A+ on condition. Also, would you like a brief endorsement from me to include in your advertising? Thanks again for a great deal.....Greg. R. Ventura, Ca

I just got back from taking the new toy up to Tahoe. It ran great!
Everyone loved it!

Erica C. Alta Loma Ca.

Dear Burke,

The car drives great! Thank you so much for being so pleasant to deal with.

Hey Burke my trip back went great... I appreciate your assistance with the car. My wife just loves the Diamante.. I'm already starting to think about when I'm coming back down there for myself. I had to pay \$45.00 to get the radio code for the stereo... other than that

everything is fine.

Thank you for an experience I'll never forget.
Had fun chatting at lunch, Steve!

Burke, well, it looks like this e-mail will be one you'll show to a potential customer. It's a great car and yes, you saw I loved the process. Sorry for being so anal, I'm sure you understand and are used to it, especially from first-timers

Alexander S. Los Angeles

Thanks for the check-most would probably never say anything and keep the money. I appreciate that and your honesty. It was a pleasure doing business with you and we have been telling our friends.. I'll pass your card around too. Many thanks for your great service.

Well the 4runner is great, detailed it for hours today, looks so good. I'll forward your email address to my friend because he might be interested in a new vehicle. Please feel free to use me as a future reference for anyone considering using your services.

Mike R. San Diego Ca

Yes, I am loving my new truck. I put new tires on it and Dad and I hauled up the kitchen remodeling supplies to Eureka for my duplex up there. I will happily keep your cards to hand out to my clients and friends

Hi Burke -
Please send me a new list of recently sold cars at auction. Someone I work with wants to buy a 2003 Honda Odyssey.
Drove the Lexus LS 400 to Las Vegas 2 weeks ago and got it up to about 130 mph so she still runs great.
Hope all is well.

David G Los Angeles.

Burke,
After number crunching and talking to my mechanic, I've decided to have my current vehicle repaired. I will, however, start saving towards a new car. Once I'm ready to buy I'll be coming to you. I think you're terrific. Thanks for all your help today.
All my best,
Bekah / los angeles

Burke,
Thank you for once again taking such good care of my daughter Jennie. She couldn't be happier with the auto purchasing process than she is with doing business with you. I think she feels as though she is dealing with a trusted family member rather than conducting a business transaction. The first car she bought from you went so well, and was such a pleasure, that it is hard to believe that the second could be any easier, but it was. I think you have a customer for life.
As for myself, I am grateful to have someone watching out for her interests who displays your honesty and integrity. Thank you.

David McC /San diego

Burke, thank you the information. The 2000 Honda Accord V6 Coupe I bought through you for my oldest daughter has been an outstanding vehicle. I am fortunate to have another daughter who is looking for a vehicle, a 1999-2000 Toyota 4-Runner. Could you give me an idea on how much they are going for through the auctions?

Jeff M

The car is absolutely fantastic Hope all is well and thanks!

Steve E. brea, ca

Thanks for making our car purchase so enjoyable. Ed and I found you so interesting. You were so nice to answer all our questions and never made us feel rushed. We're looking forward to

reading your book and purchasing more cars from you in the future. Ed didn't really know what to expect, since he had never spoken to you. He was pleasantly surprised and loves the car.
